

THE POWER TO KEEP YOU GOING

PPS

PORTABLE
POWER SUPPLY

The latest development from ActSafe is the Portable Power Supply (PPS), specifically designed for our ACCII Power Ascender.

Expand your working schedule and work even more efficiently at height with the nearly unlimited power of the PPS.

The easy-to-install PPS delivers stable and dependable power to your ActSafe ACCII Ascender.

It's simple to work smarter with the ActSafe Portable Power Supply.

- ✓ Longer lifting distances
- ✓ Easy set-up and handling
- ✓ Greater system versatility

HAND-BUILT
IN SWEDEN

Dependable power for lifting without compromise

The ActSafe Power Ascender System

The ActSafe Ascender and Power Supply form a fast and versatile system for lifting people or equipment with the Ascender operated from a fixed position.

It couldn't be more simple:

- 1 Plug in the Power Supply
- 2 Connect it to the Ascender
- 3 You are ready to go

Possible applications

Scenario 1

Using the Power Supply in wind turbines, you:

- Can perform multiple lifts
- Can do work for longer
- Get an even more reliable power source
- Only have to bring batteries as backup
- Can shorten your working time

Scenario 2

Using the Power Supply in a rescue situation, you:

- Have easy set-up and handling
- Can perform longer, more frequent lifts
- Have a back-up power source in your lifting system
- Can rescue more people in less time
